Student Union Officers - a Voice for Apprentices

Welcome, Ryan Simmons Student Union Representative.

I am a keen enthusiast within the Supply Chain Industry. Primarily focusing within the field of Continuous Improvement at Clipper logistics. An agile, able, and credible environment.

90% of apprentices went straight into work after they had completed their Degree Apprenticeship. A key statistic in which is paramount to a successful prosperous future.

With a strong partnership, in which Clipper and Sheffield attain, myself along with others are privileged to be undertaking the opportunity as a Degree Apprentice.

The theoretical work that Sheffield Hallam deliver and the on the job learning Clipper provide, juxtaposes each other distinctively. This encourages learners to bring the knowledge consumed within the classroom into the industry itself.

As the upcoming Union Part-Time Representative, I shall be committed to work closely with the university to evolve and advance the degree apprenticeship programme further. Promoting an

inclusive team-built work culture. Building upon the foundations it has already. The passion and direction is to establish a strong network of part-time students, with a solid framework, in which all students are able to get a first class experience when in attendance to Sheffield Hallam University.

I am a true believer if you follow your passion, dedicate yourself fully and you surround yourself with great people. Then success awaits.

“An apprenticeship is a critical way to gain the invaluable experience that virtually all employers seek for, in which should stand you in good stead to compete with over 500,000 graduates”

Thank you, Ryan Simmons
